Grade	Grade Point	Short Definition	Detailed Definition
A+	4.3	(Excellent)	Definitely excellent - edge of subject matter, the test at a high level of technical skill. In addition, the candidate demonstrates a high level of performance, critical, analytical, and demonstrated growth. A performance that is better than that expected for the highest degree level.
A	4.0	Excellent	
A	3.7	(Near) Excellent	
B+	3.3	(Very) Good	Definitely good - edge of subject matter, concept, technical, and academic achievement. The candidate demonstrates a high level of performance, critical, analytical, and demonstrated growth.
B	3.0	Good	
B	2.7	(Fair) Good	
C+	2.3	(Better than) Adequate	Definitely good - edge of subject matter, concept, and technical; performance is high, the participant is adequate at the level of the University. The candidate demonstrates that the degree is earned with good effort.
C	2.0	Adequate, at fact	
C	1.7	(Barely) Adequate	
D	1.0	Marginally acceptable	Marginally acceptable, definitely below the standard of a good effort. The candidate is at the level of the University. The candidate is not a good effort, but the candidate is not a good effort.
F	0.0	Unacceptable	When the University is not a good effort.
WF		Withdrew from the course	Failed to graduate due to withdrawal from the course after the deadline.
